# The Benefits of Choosing a York®

## 80% AFUE MID-EFFICIENCY GAS FURNACE

### OPEN OPTIONS IN LIMITED SPACE

The York® Latitude™ is ideal for residential applications where space is at a premium. Its 40-inch high cabinet is an easy fit in closets, attics, garages or other tight locations. So it's the perfect model for new home construction and the replacement market. This furnace will improve heat production and distribution while it cuts energy bills as much as 25%.

### EASY TO GET WORKING. AND KEEP WORKING.

All York Latitude units are factory assembled, wired and tested to ensure years of dependable service. And components are easy to access. So it takes less time to install them. And less time until they're ready to provide safe, dependable and economical operation.

### DESIGNED TO FIT YOUR PLANS

Both Upflow/Horizontal and Downflow models of the York Latitude are available. So there's a model that's right for your project.

FEATURE	BENEFIT
Top intake and vent connection	Allows installation in narrow locations
Computerized blower control	Circulates air more evenly and efficiently
Electronic hot-surface ignition	Saves fuel costs, increases dependability
Induced combustion system with Inshot burners	Promotes quiet, efficient operation
Insulated blower compartment	Enhances efficiency and noise reduction

### LATITUDE™ 80 SINGLE-STAGE UPFLOW/HORIZONTAL (GY8S-UH)
