

Room Common Venting Errors (DM, DP Code)

201 1:00 PM to 5:00 PM 4 Hours DM, DP Code Credit

The class is based on the requirements of the 2009 IFGC with real life examples of incorrectly vented fuel gas appliances.

This course will provide participants with information on the increasing complex world of venting gas appliances, led by an HVAC master, expert in the art and science of venting gas fueled appliances and equipment.

Instructor: Don West

4 Hours DP and DM Code Credit
